

Frame type plate feeder 料框式送板机

料框式送板机 MULTI MAGAZINE LOADER

产品简介

产品名称:料框式送板机
型号:LD250A、LD330A、LD460A
产品用途:用于SMT生产线上PCB板上板操作
产品特点:
●SMT生产线上自动化送板
●使用三菱PLC控制器,彩色智能人机画面
●电泳铝型材结构框架,稳固美观
●减速电机配合滚珠丝杆升降框架机构
●故障文字及声光报警提示系统,便于操作维护
●兼容SMEIA端口

Product daescription

Product name: Material frame type v plate feeder
Model: LD250A, LD330A, LD460A
Product Usage: Used for automatic PCB loading operation on SMT production line
Product features:
● Automatic board feeding on SMT production line
● Mitsubishi PLC controller, color intelligent man-machine screen
● Electroplated aluminum profile structure frame, stable and beautiful
● Gear motor with ball screw lifting frame mechanism
● Fault text and sound and light alarm system, easy to operate and maintain
● Compatible with SMEIA ports
